

COURT OPINION DECIDES NOVEL QUESTION HERE

Can a person petition the court for an order directing herself to contribute to the support of an indigent parent?

Judge W. C. Sheely addressed himself to that "novel question" in an opinion handed down in Adams County court this morning giving an affirmative answer to the question and promising a court order later in the case.

Judge Sheely wrote: "The petitioner, an only child, is perfectly willing to contribute to the support of her father to the extent of her ability and there is no dispute between her and her father."

REQUIRED BY STATE

"The situation arises by reason of the fact that the Department of Public Assistance will not contribute to his support unless the daughter contributes the amount determined by it according to a fixed formula or until the obligation of the daughter is established by a court order, the exact amount which the state will give depending upon her contribution."

"The daughter contends that because of her own personal situation she cannot contribute the amount determined by the state's formula. The real purpose of the petition, then, is to determine the amount which the daughter should contribute rather than to compel her to contribute."

"At the hearing, of which the Department of Public Assistance had notice and which was attended by representatives of the department, we questioned our authority to enter an order under these circumstances and requested counsel for the petitioner to file a brief. Upon consideration of his argument and of the Support Law of 1937 . . . we are satisfied that we do have the authority and that an order should be entered."

UP TO COURTS

The court then discussed sections of the law that apply to this case and decided the petitioner in this case "clearly comes within" the classification under the act.

"As a practical matter, it is necessary that an order be entered. The father is entitled to, and needs, assistance. The formula for contributions by relatives for support prescribed by the Department of Public Assistance is necessarily based on general experience and cannot be applied equitably to all situations, the department relying upon court procedures to determine the proper contribution where there is any contest. While the father, who is 81 years of age, could have filed the present petition himself, we can well understand his reluctance to do so. An order will be entered."

The opinion was handed down this morning during the regular "in chambers" court session.

Phone Calls Stir Officials

Both United Telephone officials and borough police have expressed concern with numerous reports of persistent abuses of telephone facilities to pester Gettysburg residents. Subscribers have been the victims of constant calls aimed mainly at annoyance since they come at all hours and the calling party never speaks over the phone.

In other cases patrons have been subjected to scurrilous and improper language by anonymous callers.

Steps are being taken to trace callers. These measures can be easily taken to locate the phones from which the calls are being made. Only recently a 16-year-old Hanover boy was apprehended by the police for similar activities.

John Caldwell, district manager of the United Telephone Company, declared today that the telephone company is determined to stamp out all nuisance calls by using tracers and resorting to the prosecution of offenders.

The buyers included Glenn D. Funt, Biglerville R. 1, who bought seven of the lots; Bernard A. Guise who bought five; John W. OFFERED TWO WAYS

The land was offered first by the individual lot and then the entire tract of about 18 acres was offered as a whole but the bid price did not exceed the sum of the offers for the 22 lots and the land was sold in 22 parcels.

Advertisements described the land as timbered and as being desirable for building lot development. The series of lots fronts for about 2,400 feet on the north side of the public road just west of Bender's Church. The lots are about 340 feet deep.

The auctioneer was Clair Slaybaugh of Idaville and Attorney Daniel E. Teeter announced the terms and conditions of the sale and represented Mr. Breighner.

At the Recreation Park there will be a hobby show next Wednesday and tournaments are scheduled in deck tennis, Newcomb ball and ping-pong. Highlighting the past week there were a pet show and a capture the flag contest. A bubble gum blowing contest picked these winners: Joe Redding, Buzz Harman and Jerry Stanton. Newcomb ball was introduced there this week.

At the Rec Park totlot next week, the highlight will be a Hobo Day on Wednesday. Circus and Carnival day will be held there Friday and earlier in the week the youngsters worked on their nature booklets.

in the weightless environment of space. Then, when his parachute lowered him into the ocean at the end of his 5,280-mile-an-hour trip, he told Shepard on his radio "you might make a note" of the fact that there was a six-by-six inch hole in the chute. Shepard was at the rocket control center.

Finally, his 118-mile high, 303-mile long flight ended in near-tragedy when the explosive bolts of his escape hatch fired prematurely and Grissom had to scramble quickly out as salty water rushed into the opening.

SAVED BY SUIT

The wind from the whirling blades of a rescue helicopter drove him beneath the surface for a moment, but his buoyant space suit popped him back up like a cork. He seized a "horse collar" rescue device lowered by the copter and was hoisted to safety.

Meantime, efforts of another system was sluggish and he had trouble with it as he tested it

NEW VISITORS' CENTER WORK IS ADVANCING

Work is progressing on the new visitors' center south of the National Cemetery at the north end of Hancock Ave. on the battlefield and it may be complete in a matter of several months, the Gettysburg National Park office said today.

The National Park Service offices that have been housed for years in the second floor of the Gettysburg post-office building will move into the new structure which also will house the cyclorama painting of Pickett's Charge which has been a tourist attraction here since it was brought to Gettysburg for the 50th anniversary of the battle in 1913.

In a month or so the huge painting will be hung in its new quarters after having been reinforced by a new canvas backing. Walter Nitkiewicz, museum preservation specialist for the National Park Service, has been in charge of the work that has been done on the painting for about a year. Two specialists in this type of work from St. Louis, Mo., and several local assistants have been doing the work on the painting which depicts the turning point of Pickett's charge.

NO DATES SET YET

The general construction contract for the new visitors' center is being carried out by the Orndorff Construction Company. An additional contract was awarded for work on the grounds of the new structure to E. D. Plummer and Sons, Chambersburg. They are engaged in building walks, retaining walls and building lawn areas, in addition to some ornamental plantings.

Formalized entrances will be constructed for the new center on the Taneytown and Emmitsburg Roads.

The work has not progressed to the point where dates can be set for opening of the new structure, the park office said.

The project is being done as a part of the Project 66 plans.

NO TRACE OF BANK BANDIT; 2-STATE HUNT

Maryland and Pennsylvania State Police this morning reported no progress in their search for the lone gunman who held up the Union Mills branch of the Westminster Trust Company at 9:45 o'clock Friday morning and escaped with \$2,000 in small denomination bills.

Roadblocks which were set up quickly after the holdup was reported failed to turn up any trace of the movements of the bandit after he had been reported on Deep Run Rd. heading toward the Pennsylvania state line. Maryland state police helicopters joined in the search that so far has been fruitless.

The getaway car, described as a yellow sedan or station wagon, was bearing Pennsylvania tags but police lacked the license number.

MANAGER ALONE

George Smeak, manager of the branch bank, who was alone in the bank at the time of the holdup, said a stranger entered the place of business, put a \$100 bill on the counter and asked for change.

Smeak turned away briefly and then looked back to find the man pointing a long-barreled target pistol at him. Smeak was ordered to open the vault and the bandit left after scooping up handfuls of bills of small denominations.

The man was described as about 28 years old, weighing 135 pounds, five feet 10 inches tall with dark hair. He was wearing a dark suit. Westminsters headquarters of the Maryland State Police reported this morning they have no new leads in their investigations.

Friday's hold-up marks the second such experience for Smeak. The same bank was held up in February 1957.

Union Mills is located on U. S. 140 about eight miles north of Westminster, Md., and six miles south of the Pennsylvania border.

SELL PARSONAGE

The Methodist Church of Gettysburg has sold its parsonage at 625 Highland Ave. to Carey A. and Patricia E. Moore, W. Lincoln Ave. The sale was made by Lee M. Hartman, local realtor. Early possession is to be given.

Ever since John Hancock put his name to the Declaration of Independence in 1776, July has been a favorite time for freedom fighters.

At least six countries have chosen the month Julius Caesar named after himself in which to throw off the tyranny of a foreign power, according to World Book Encyclopedia. And several nations have found the hottest month of the year a good time to relinquish control willingly of their possessions.

The Dutch may have started the trend. They declared themselves independent of Spain back on July 26, 1581. A few centuries later, in 1830, the Belgians got the idea and broke away from the Netherlands.

July is cooler down in South America, but it never chilled the ardor of patriots, who gave Spain another beating in the early 1800's. Spurred by Simon Bolivar, who was born in July, Venezuela declared its independence in 1811. Argentina issued its declaration in 1816 and Peru made the move in 1821.

Great Britain saw the handwriting on the wall and in 1867 it gracefully pulled out of North America. Canada became a self-governing dominion.

In 1946 it was the turn of the United States, and the Philippines was officially declared independent on July 4. Six years later, Puerto Rico became a self-governing commonwealth.

In 1960 the focus shifted to Africa, where a host of countries peacefully made the transition to republics in July. These included Ghana, Somalia, Central African Republic, Chad, Congo, Dahomey, Gabon, Ivory Coast, Niger and Upper Volta.

The United States actually declared itself officially independent on July 4.

Tunisian Snipers Harry French In Bizerte; Arab Unity Grows From Crisis

By ANDREW BOROWIEC
TUNIS (AP) — French troops backed by armor occupied the city of Bizerte at dawn today but savage resistance was reported continuing from Tunisian snipers — military and civilian.

French citizens of Bizerte told the Associated Press offices in Tunis by telephone that Tunisian snipers were firing at French troops deploying through the town.

Rifle and machinegun fire was heard over the telephone line.

CONFUSED SITUATION

"No one really knows what is going on," said one telephone report. "The Tunisians are firing on French troops from rooftops and windows, but there appears to be no organized resistance." French tanks held strategic points of the city, 40 miles east of Tunis.

which the Tunisians are trying to drive them.

TANK RUMORS

In Tunis rumors among the civilians spoke of French tanks moving toward Tunis. There was no confirmation of any kind to these rumors.

The Tunisian government radio continued to blare martial music and appeals of "to arms!"

Life in the capital was normal on the surface except for growing groups of tense Tunisians lining some of the streets.

LEAGUE SESSION

Tunisian President Habib Bourguiba has called for an emergency session of the Arab League, which he had boycotted for several years. Some observers saw a forging of Arab unity in the face of the Bizerte crisis.

Meanwhile, bitterness against the West increased among average Tunisians. They accused the West of tolerating what they

RESERVE CALL UNLIKELY NOW; MILITARY HAS FUNDS READY

By FRANK E. TAYLOR
WASHINGTON (AP) — Sen. A. Willis Robertson, D-Va., says President Kennedy isn't likely to declare a limited emergency now and call up the reserves and National guardsmen.

But if he does, Robertson added Friday, the Senate Appropriations subcommittee could approve the money for pay and subsistence for up to a million men.

He also said nearly \$1 billion could be added quickly to a pending military money bill if Kennedy asked for it to help meet the Berlin crisis.

OTHER FUNDS
Robertson, acting chairman of the appropriations subcommittee, said that in addition to such money for aircraft, missiles and Navy vessels, more than \$500 million could be added for Army hardware.

He said he told Kennedy at a White House luncheon Thursday that the subcommittee will withhold action on the \$43 billion defense spending bill until after the President's nationwide radio and television speech Tuesday on the Berlin situation. He is expected to send extra defense requests to Congress Wednesday.

Robertson said he believes his subcommittee will support Kennedy's proposal to take a firm stand in the Berlin issue, including the prompt strengthening of the U.S. military establishment.

NO BLACKMAIL
In reference to the U.S. firm position on Berlin, Undersecretary of State Chester Bowles said the Russians they cannot blackmail this country into abandoning West Berlin.

He said he thought Soviet Premier Khrushchev will realize the United States cannot be pushed around by him.

Bowles' comments came in a radio interview distributed to stations around the country by News Associates, Inc. The interview was recorded earlier for release Saturday.

In a 30-minute conference Friday, Secretary of State Dean Rusk briefed British, French and West German envoys on U.S. defense plans for Berlin.

Afterward, West German Ambassador Wilhelm Grewe hinted that part of the Kennedy program involves an increase in NATO's conventional weapons defense forces. But none of the diplomats would go further than that.

2 SENATORS AT ODDS OVER SOLON'S MEMO

WASHINGTON (AP) — Two Democratic senators are at odds over a confidential memorandum from one of them to the Defense Department.

Principals in the case are Sens. J. William Fulbright of Arkansas and Strom Thurmond of South Carolina.

Fulbright said Friday that he had sent the memo to Secretary of Defense Robert S. McNamara objecting to military sponsorship of meetings featuring "extremist speeches" by outsiders.

"The point I wanted to make," Fulbright said, "was that it is not the traditional role of the military to sponsor meetings weighted to one side of a political subject."

ATTACKED BY THURMOND
Thurmond, at a news conference following Fulbright's remarks, denounced the memorandum as "a dastardly attempt to intimidate the commanders of U.S. armed forces."

Fulbright said the principal theme of some meetings sponsored by generals and admirals has been "that the greatest danger to this country is internal communism, and that communism has infiltrated our schools and our churches and dominates our government."

Thurmond, himself a major general in the Army reserves, termed the memo an effort to prevent U.S. commanders from teaching their troops "the nature of the menace of world communism." The memorandum was followed by new Defense Department restrictions on top military men, instructing them to stick to military matters in their public speeches.

FOR PERSONAL USE
Fulbright said the memo was prepared for his personal use by the staff of the Senate Foreign Relations Committee, of which he is chairman, but was in no sense a committee document.

He said he sent copies to President Kennedy as well as to McNamara and believed "someone at the Pentagon" had leaked its contents.

Principals in the case are Sens. J. William Fulbright of Arkansas and Strom Thurmond of South Carolina.

Fulbright said Friday that he had sent the memo to Secretary of Defense Robert S. McNamara objecting to military sponsorship of meetings featuring "extremist speeches" by outsiders.

"The point I wanted to make," Fulbright said, "was that it is not the traditional role of the military to sponsor meetings weighted to one side of a political subject."

ATTACKED BY THURMOND
Thurmond, at a news conference following Fulbright's remarks, denounced the memorandum as "a dastardly attempt to intimidate the commanders of U.S. armed forces."

Fulbright said the principal theme of some meetings sponsored by generals and admirals has been "that the greatest danger to this country is internal communism, and that communism has infiltrated our schools and our churches and dominates our government."

Thurmond, himself a major general in the Army reserves, termed the memo an effort to prevent U.S. commanders from teaching their troops "the nature of the menace of world communism." The memorandum was followed by new Defense Department restrictions on top military men, instructing them to stick to military matters in their public speeches.

FOR PERSONAL USE
Fulbright said the memo was prepared for his personal use by the staff of the Senate Foreign Relations Committee, of which he is chairman, but was in no sense a committee document.

He said he sent copies to President Kennedy as well as to McNamara and believed "someone at the Pentagon" had leaked its contents.

Bowles Says Castro Very Costly To U. S.

WASHINGTON (AP) — Undersecretary of State Chester Bowles said today Cuban Prime Minister Fidel Castro has been "very, very costly" to the United States, but the cost will be less if this country will learn a lesson from its handling of the Cuban situation.

The basic trouble in the Cuban problem, Bowles said in a radio interview non-network — (News Associates, Inc.), came from the fact that Cuba was under an "extreme right-wing administration" — the Batista regime — for several years.

The United States treated the Batista government "very kindly" during much of its period of rule, Bowles said, and was indifferent to problems building up inside Cuba.

PEOPLE REVOLTED
Inevitably, he declared, the people revolted because they had been exploited and treated unjustly. In revolting, they "stumbled into a Communist trap," so that today the Cuban government is "dominated by Communists."

The lesson which the United States should learn from this, Bowles said, is that "when feudal-minded regimes are built up which deny the people their rights... there's bound to be trouble."

Of Latin American relations generally, Bowles said that under the Kennedy administration "we just sort of rediscovered Latin America."

NIAGARA FALLS, Ont. (AP) — The body of a man, believed to be one of four persons who died June 11 when their boat was swept over Niagara Falls, was recovered Friday night from the Lower Niagara River.

The man was Stanley Tessman, 64, of Buffalo, N. Y.

Tessman and his wife, Gladys, 61, and Mr. and Mrs. George Stewart of Ridgeway, Ont., were in a boat that went over the falls after its motor apparently failed while cruising in the river above the falls. The bodies of the other three have been recovered.

Stockyards Will Boost Their Volume

LANCASTER, Pa. (AP) — F. M. Campbell, president of the Lancaster stockyards, plans to increase the trading volume of the stockyards.

Campbell said Friday "this area has a definite place in livestock marketing, and our location to the larger processing plants in the East puts us in an enviable position, and the quality of livestock being produced in our trading area is another big factor."

Campbell became president of the stockyards on July 1.

Federal Agents Seize Still, 2 Men

PHILADELPHIA (AP) — City police and federal agents slipped through the skylight of a two-story building Friday and seized two men and a 275-gallon still.

Frank Hartman, supervisor of the Federal Alcohol and Tobacco Tax Unit, said the two are being held pending charges.

In another raid, police arrested 20 or more persons and seized stacks of gambling records in four places in West Philadelphia.

Wild Weather Causes Heavy Property Loss

By THE ASSOCIATED PRESS
Showers spattered many sections of the nation today after an evening of wild Midwest weather brought widespread damage to several states.

Numerous funnel clouds snaked across Illinois, Indiana and Missouri, damaging houses and barns, ripping up trees, downing power lines and ruining crops. No deaths but a few minor injuries were reported.

What appeared to be a tornado roared across a farm near Mineral, Ill., knocking down part of a barn and machine shed and leaving a corn field "as if a roller had gone over it," as a neighbor described the damage.

TWISTER DAMAGE
One twister touched down twice in Warren County, Ind., damaging a house and three barns. Another destroyed a house near Cloverdale, but the occupants escaped injury.

Heavy winds and rain whipped St. Louis and two women were cut and bruised when the wind shattered a plate glass store window.

In another outbreak of turbulence, a tornado caused slight damage when it skipped into the outskirts of Wichita Falls, Tex., during a heavy rain. Cloudbursts sent water running into scores of homes at Midland. Farm fields were flooded and highways closed as nearly 8 inches of rain drenched northern Texas.

RAINS CONTINUE
Rain continued early today from the southern Plains into the Great Lakes area in the far Northwest and parts of the Dakotas. Forecasts called for more rain during the day in the southern Rockies, over most of the Mississippi Valley and eastward to the Atlantic Coast.

Two inches of midsummer snow fell during the evening on Pike's Peak, near Colorado Springs, Colo., and Denver's high for the day was an all-time low for the city—64. Elsewhere, temperatures generally were seasonal, except for Laramie, Wyo., where the mercury dipped to 49.

helicopter to salvage the water-filled capsule failed and the \$5 million space craft with its precious instruments and its film record of the flight sank beyond hope of recovery in three-mile deep water.

Sentiments of the National Space Agency were summed up by one official who commented: "We've got only one Gus, but we've got plenty of space capsules."

HAVE MOST DATA

Anyway, most of the desired information came back on radio telemetry and the agency said there would be no delay in the U.S. space program as a result of the mishap.

President Kennedy watched Grissom's perilous flight on television and telephoned the space man to express his "great pleasure and satisfaction." Then he signed a bill pumping \$1.7 billion into the all-out American drive to reach the moon before a "cosmonaut" plants the Russian flag there.

Grissom himself saw a television film showing of his flight after arrival here. He spent a relaxed evening, looked in briefly on a celebration in his honor, then went to bed about 9 p.m.

QUAKER OATS SEIZED FOR SHORT WEIGHT

WASHINGTON (AP)—The Food and Drug Administration has ordered seized allegedly short-weighted packages of puffed wheat and puffed rice, manufactured by the Quaker Oats Co. at Shiremanstown, Pa.

John L. Harvey, FDA deputy commissioner, said Thursday the shipments, allegedly short-weighted up to 15 per cent on wheat packages and 6 per cent on rice, were ordered seized in the Camden, N.J., and Baltimore areas.

An FDA announcement said, "Although the company was aware of the short weight problem as early as last April, it continued distribution of the short weight packages until action was taken by the Food and Drug Administration."

FURTHER SEIZURES

An agency spokesman stated that further seizures were expected.

He said the monthly sales volume of the product exceeds \$200,000 and the short weighting practice could result in an extra profit of about 10 per cent.

Harvey said a process developed by Quaker Oats at its Shiremanstown plant puffs grains of wheat and rice to a greater volume; making possible the packaging of fewer grains in the same size container.

Harvey also said the containers were not changed to reflect accurately the true weight of their contents.

Quaker Oats spokesmen have not commented on the affair.

Refuses Car Keys; Is Shot By Robber

NORRISTOWN, Pa. (AP) — Thomas Johnson, 35, was shot in the chest today by a man who held up a service station and fled on foot.

The gunman came on the Johnson car several blocks from the service station. Police said he ordered Johnson to give him the keys to the car and, when Johnson refused, shot him.

Johnson was taken to a hospital and is in critical condition.

House Group OKs Military Projects

WASHINGTON (AP) — The House Appropriations Committee approved the following projects for Pennsylvania today in the military construction bill:

Naval Supply Depot, Philadelphia, \$780,000, and Olmsted Air Force Base, Middletown, \$884,000.

The committee also denied the Olmsted base a request for \$755,000 for an instrument repair shop.

BLOOMSBURG, Pa. (AP) — Donald S. Klinger, 54, of Berwick, was killed last night when his motorcycle collided with a car and then skidded into a truck.

State police at Bloomsburg said Klinger failed to stop at a stop sign at the intersection of Route 11 and Old Route 11, hit a car driven by Charles Smull of Danville, and then skidded into a pickup truck driven by Chester Strong of Brookville R. 1.

The police are looking for a man who was seen near the service station at the time of the shooting.

LITTLE PEOPLE CONVENE FOR MUTUAL HELP

By MARTHA COLE

WASHINGTON (AP)—The Little People of America gathered here today to help each other solve their problems — big ones like finding a job and small ones like where to buy shoes.

"We can't expect the world to adjust to us—we've got to adjust to the world," said Art Noble, Indianapolis, Ind., national vice president of the Little People of America, Inc.

About 150 midgets and dwarfs came to Washington for the week-end convention.

BROADEN OUTLOOK

"This is to broaden their outlook," Noble said in an interview. "They get so many disappointments—they run into a brick wall, and they give up."

And, Noble said, "a lot of them don't realize there are other little folks that have the same problems."

This is one idea of the convention, to get the little people together, and talking—"they meet new acquaintances and they find out about where to get their clothes and shoes, by being sociable, these little things come out of it."

BIG PROBLEMS

In the convention sessions they talk about the big problems—education and employment.

"Employment—how to get a job and how to keep it—is the main problem," Noble said. He deals in investment securities. With him was Bill Albaugh, Camden, N.J., who travels for a soft drink firm (Squirt) and is its living trademark.

Both Noble and Albaugh wanted to get the story across that the Little People of America exists to help all the little folks help each other. Its president is Dan Turner of Asheville, N.C., but its national offices are at Indianapolis.

Yankees Ready To Resume Cease-Fire Negotiations After Talks With General Ridgway In Tokyo: U. N. Advance Headquarters, Korea — Allied negotiators gathered here again today, armed with final U. N. instructions for the resumption of Korean war cease-fire talks in Kaesong Wednesday.
Vice Admiral C. Turner Joy, chief of the five-man United Nations team, flew back from Tokyo tonight after a series of conferences with Gen. Matthew B. Ridgway. He was accompanied by two other U. N. delegates, Maj. Gen. L. C. Craigie and Rear Adm. Arleigh Burke.
They talked with the supreme allied commander Saturday, Sunday and Monday.
The decisions made in Tokyo probably will remain secret until the ninth meeting of negotiators in a Kaesong schoolhouse Wednesday.

Red Cross Starts Recruiting Donors; Lauded By Judge: The recruitment committee of the Adams County Red Cross chapter today started signing prospective donors for the blood donor program getting under way in Adams county and Judge W. C. Sheely praised the chapter for its undertaking and commended the blood program to the people of Adams county as "a real, vital way to make a contribution to the national defense."
"We all know what a great role donated human blood played in saving lives during World War II," Judge Sheely said. "Now advances by medical science makes it possible for whole blood, plasma and blood derivatives to accomplish even greater wonders in saving lives of men wounded in combat. I commend the blood donor program to the people of Adams county and I know that they will respond as they always have done in other emergencies."

Today's Talk

THE DAY OF GATHERING
The mind of the sower is on the time of reaping. Just as the mind and heart of the mother is on the time when she shall see her boy a leader in the world.
We all look forward to the day of gathering, when the work of our hands and brains shall bear fruit.
It is impossible to make a worthy effort without that effort bringing its return.
But do not worry about results. Do your work well; and keep the weeds out.
He who puts his heart and soul into his work has nothing to regret. How satisfied must be the musician who plays his life into the music that he makes.
All life is sweetened by conscientious effort, even as the flute is brought to life by the breath that makes its flute tones possible.
Everything you do is preparation for the day of gathering.
The flow of the heart is too great a thing to be measured in terms of the flow of gold.
The gardener doesn't work for a single season but for those far ahead.
Never let discouragement dictate to you.
Keep your mind upon the day of gathering, which is the day of happiness and reasonable contentment.

Just Folks
A SONG
Life is a song
And its cadences true,
While I'm jogging along
Just living for you.
The sun shines above
On the grass wet with dew;
And it warms me with love
While I'm living for you.
Life is a dance,
And a merry one, too;
Life's a romance
While I'm living for you.
So what need I care,
Though clouds hide the blue;
There is joy everywhere
While I'm living for you.

CUBANS TO GET FREE FLIGHTS TO FREEDOM

By JOHN M. HIGHTOWER
WASHINGTON (AP)—The United States organized a commercial airlift today to give free flights from Havana to Miami to more than 20,000 Cuban refugees.
Whether Prime Minister Fidel Castro would permit the mass exodus was not known immediately in Washington.
The State Department announced Friday night that the government had "arranged to defray the cost" of transportation for the more than 20,000 Cuban citizens who are cleared to come to this country. The over-all cost was estimated at around \$350,000.
The plan was worked out with Pan American Airways with some special flights to start today from Miami. The full schedule of 10 flights daily, each trip bringing in a little more than 100 persons, is due to start Sunday, the State Department said.
COMPLICATED AFFAIR
A Pan Am spokesman in Miami said a lot would depend on the speed with which Cuban authorities process the passengers—if they do at all.
"That's a complicated business," he said. "We'll send our regular flight off at 10:30 a.m. and wait for word from Havana before sending the next one."
The refugees qualified for the airlift transportation are those who obtained U.S. visas before the United States broke off relations with Cuba last January and those who since have obtained "waivers of visas." A waiver is simply a ruling by the U.S. government that an individual may enter without a visa. Since the break in relations, no Cuban has been able to obtain a visa because there are no U.S. consuls in Cuba.
ARE TWO GROUPS
Most of the Cubans holding waivers, the State Department announcement said, fall into two groups—relatives of Cubans already living in the United States and students under 21 who wish to continue their education here.
U.S. authorities said that all citizens leaving Cuba require exit permits; no one here could say whether the pro-Communist Castro regime would allow exit permits for this operation.
The funds for U.S. underwriting of the operation come from a contingency fund of the International Cooperation Administration. White said this is the same fund from which the federal Department of Health, Education and Welfare draws financing for relief of Cuban refugees already in the United States.

The Williamsport Grays, now only 1 1/2 games from the top of the Eastern League, challenge first-place Springfield today in the first of a series of three.
The Grays handed the Binghamton Triplets their sixth straight loss Friday night, 7-6, as Bart Dupon hit two homers and Jim Johnston one.
Two Binghamton errors—When Horace Clarke dropped a pop fly and Pete Mikkelsen threw a wild pitch—allowed the Grays three unearned runs.
Jack Hamilton was strong on relief and saved the win for Tom Qualters (2-0). The loser was Hub King (3-3).
In other EL games, last-place Reading upset Springfield 4-3, and Johnstown shut out Lancaster 2-0.
Springfield, trailing 3-1 at the top of the ninth, tied the score when Charley Dees singled, Ricky Joseph doubled, and Chuck Teuscher drove the two home with a clutch center field hit. Teuscher was called out for failing to touch first base on his way to third.
Reading pitcher Ray Konkolesku (5-3) won the game in the bottom half of the inning by driving Tony Washington home from second on a single.
Reading's other runs came on homers by Keith Williams and Tom Norton with one man aboard. Johnstown's Dave Morehead

MILE RACE IS MEET FEATURE

LONDON (AP)—The second edition of the "mile of the year" between Dyrrol Burleson and Jim Beatty was scheduled today in the United States-Great Britain track meet.
With a 7-3 lead after the first 10 events Friday, the United States held a commanding lead in the first dual meet in history between the two nations.
The first mile of the year between Beatty (3:58) and American record holder Burleson (3:57.6) turned out to be the flop of the year in the National Championships at New York last month.
WATCH EACH OTHER
Both spent the entire race watching each other with the result that Burleson won in an undramatic 4:04.9.
"It won't happen again," said Beatty, who now shows a 3-1 margin over Burleson in their personal battle.
Derek Haith and Mike Berisford, the British milers are not exactly slow-pokes. Haith has clocked 4:01.3 and Berisford 4:01.4.

Distance Races On Shenandoah Card

CHARLES TOWN, W. Va. — Distance racing again will headline weekend programs as Shenandoah Downs, General Manager Bob Leavitt indicated today, scheduling the Valley and Shenandoah endurance series for the 57-night meeting which opens July 27.
With the summer opening just a week away, more than 1,200 horses have been assigned stalls at the night track here, many of them no doubt lured by the second running of the marathon events. The Valley and Shenandoah series, which begin at a mile and a sixteenth and are increased weekly until they reach a mile and fifteen-sixteenths, were introduced last year.
The Valley and Shenandoah Series are run on alternate Saturday nights, with the latter drawing a little better competition. Winners in the Valley events are barred from further competition there, but may move into the Shenandoah series. The first race, in the Valley Series, will be run on July 29, first Saturday of the coming meet.
Shenandoah Downs will retain the same schedule that prevailed at the spring meeting, with post time at 7:15 and the last race going postward at about 10:30. The Big Bonanza, first pool wager in this area, again will be featured on the fourth through ninth races.

QUEEN AT RACES
CHARLES TOWN, W. VA. — Lovely Jane Catherine Patton, a honey blonde who is reigning as queen of Washington's 1961 Summer Jubilee, will attend the opening of Shenandoah Downs July 27. General Manager Bob Leavitt announced today. Miss Patton and her escort will be guests of the track at next Thursday's inaugural program in the 57-night session and the beauty will present the Summer Jubilee Trophy to the winner of the feature race. The main event is programmed at six furlongs and is expected to attract the top allowance runners on the grounds.

Yank Homers Beat Bosox; Tigers Nipped By A's As Bauer Ends Active Career

By ED WILKS
Associated Press Sports Writer

Manager Hank Bauer closed out his career as a player by driving home the winning run in Kansas City's 3-2 victory over Detroit Friday night that knocked the Tigers out of the American League lead.

Bauer's ex-mates, the New York Yankees, moved back on top by a half-game after coming from behind for an 11-8 victory on pinchhitter Johnny Blanchard's grand slam homer with two out in the ninth.

Blanchard's shot following homers by Roger Maris, Mickey Mantle and Yogi Berra, was the sixth pinch-hit slam of the season in the AL, breaking the major league record of five set by the American League in 1953.

TWINS WIN
Minnesota defeated Cleveland 4-3 and the Los Angeles Angels walloped Washington 16-5 in the other AL games. Baltimore-Chicago was rained out.

The A's beat right-hander Phil Regan (9-5) with three runs in the third. Norm Siebern, another ex-Yankee, doubled home two and then scored on a single by Bauer, who was honored before this final game as a player by Kansas City fans. Southpaw Jim Archer (7-5) won it with a six-hitter.

Blanchard's first major league slam saved southpaw ace Whitey Ford from defeat after the Yankees blew 2-0 and 6-3 leads. Ford, shooting for his 18th victory and 12th in a row, left when the Red Sox went ahead with four runs in the fifth inning. Luis Arroyo (6-3) was the winner and Arnie Earley (1-4) the loser, although Blanchard's shot was off Mike Fornieles.

Maris and Mantle connected for successive home runs in the first inning off Bill Monbouquette and now have slugged 73 homers between them. Mick's was No. 37, putting him 22 games ahead of Babe Ruth's record-60 pace of 1927.

Jose Valdivielso raced home from second base with the tie-breaking run for the Twins with two out in the ninth—while losing reliever Joe Schaffnoth (0-1) waited in vain for Lennie Green's top to roll foul. The Indians were held hitless for 7 2-3 innings by right-hander Don Lee (2-2), then tied it 3-3 in the top of the ninth on a solo home run by Bubba Phillips. Lee finished with a five-hitter.

The Angels clubbed 20 hits off loser Ed Hobaugh (6-5) and four relievers, putting it away for Ron Moeller (4-5) with a five-run fourth inning. Albie Pearson and George Hunt each had four singles. The two clubs tied a major league record by leaving 30 men on base, 15 each.

SLEICHTER TO TAKE PART IN PGA TOURNEY

T. Richard "Dick" Sleichter, pro at the Gettysburg Country Club, will make another stab at the Professional Golfers Association tournament title next week at Olympia Fields Country Club, Chicago.

Sleichter qualified for the PGA by firing a blistering 144 at the North Hills Country Club in Philadelphia on June 19. He was among six players from eastern Pennsylvania to earn the right to play in the national tourney.

The last time Sleichter participated in the PGA, he ran into trouble when his drive became imbedded in the green and he was charged with a penalty stroke when his putter hit the ball a second time. In that match he lost by one stroke to Dow Finsterwald.

MAJOR TOURNEY
The PGA, considered one of the three major tournaments of the season, will have many of the top touring professionals in the country competing. Sleichter will have to contend with two favorites in this year's play, Lionel and Jay Hebert.

Sleichter will leave late Sunday afternoon, accompanied by Dr. Robert Leffever of the local club. The two men will stop in Pittsburgh where Sleichter will play a practice round at Oakmont course on Monday morning. They will then continue to Chicago and expect to arrive late Monday night.

The Gettysburg pro will play two practice rounds on Tuesday and Wednesday and the tournament will get underway on Thursday. The grueling 72-hole play will last until the following Sunday afternoon.

Big Little Baseball Loop
The Eagles were foiled in their attempt to wrap up the regular season title Friday evening as the Phillips 66 shut out the league leaders 11-0 on a three-hitter tossed by Gary Herring.

Curt Eckert's Phillips squad now sports a 5-5 record. Junior Wirt's Eagles, with a game and a half lead, need a victory in their final game with the Exchange to clinch the title. The American Legion needs a combination of two victories in their final games plus a loss for the Eagles to tie for first place.

The Eagles' defense fell apart completely Friday and no less than 11 miscues were charged to the leaders. Only two of the Phillips 11 runs were earned.

After scoring twice in the fourth inning and four times in the fourth, the Phillips outbatted five in the sixth inning. Phil Asper led off the sixth with a single and Riley and Bob Britcher were safe on errors as Asper scored. Joe Redding hammered a single to left to send home Riley. Harman and Herring sacrificed to send over Britcher and Redding. Mike Flynn drilled a hit and reached second base on an overthrown. Jim Rosensteel reached base as Flynn tallied the final run.

Phillips meets the Elks on Monday evening.

GRAND SLAM BIGGEST THRILL
BOSTON (AP)—"I was so far out I couldn't hear a thing."

John Blanchard, one of the most prideful of the proud Yankees, spoke excitedly Friday night after his ninth-inning, pinch-hit grand slam home run pulled out an 11-8 victory over Boston and returned New York to first place in the American League.

"It was the biggest thrill of my life," said the reserve catcher whose two-out blow off Red Sox relief ace Mike Fornieles capped a rally from an 8-6 deficit.

"All the guys were waiting for me with congratulations when I got back to the dugout but I was momentarily deaf," Blanchard added.

The blow was a record, too, the sixth pinch-hit grand slammer of the season in the AL—topping the previous mark of five in 1953.

"This homer was bigger than most to me," Blanchard said. "The bases were full and we had just lost a terrible doubleheader to Washington."

"Fornieles threw me three curves in a row, then a fast one. All I was looking for was a ball to hit and I got it."

ConewagoKnightsFeature Hard Hitting Infield Trio

(Third in a series of articles on the six Conewago Little League baseball teams.)

When it comes to a trio of powerful hitters, it's pretty hard to beat George Bream, Tom Slagle and Tom Noel. These three muscle men must be faced every time the Knights of Columbus team engages an opponent in the Conewago Little League.

Bream plays third base. Slagle is stationed at first and Noel is an excellent catcher. Manager Tom Staub, who during the school term attends Mount St. Mary's College, has formed his ball club around these three standouts. Bream and Slagle also hinder the opposition with their fine pitching when not playing their regular infield posts.

HAVE FAST SOUTHPAW
The number one man on the pitching staff is Jack Gouker, a lightning fast southpaw. The remainder of the infield is composed of Dave Swope, one of the finest glove men in the circuit, playing second base, and John Meckley and John Redding alternating at shortstop. Redding will also play third when Bream goes in to pitch.

A talented and alert group of youngsters working in the outfield strengthen a fine defense. The front line pasture men are Ron Heiser, Jeff Brady, Larry Sherdel and Jim Price. Heiser and Brady are fine veterans while Sherdel and Price are fast moving rookies. Dick Livelsberger is a good defensive outfielder and plenty of help has been coming from Curt Williams, Don Forry and Lee Klunk.

Jerry Sanders has been doing a fine job as assistant to manager Staub.

GETTYSBURG LITTLE LEAGUE
The Glenn L. Bream Little League are the 1961 champions. The Breammen reached their goal Friday evening by edging a game and tough Moose team 7-6. The Bream team, defending its 1960 title, has now won five Little League championships since the league was organized in 1953.

Glenn L. Bream combined tremendous hitting, fine pitching, outstanding hustle and determination and excellent coaching to achieve the number one spot. Bob Signor, one of the top coaches in the league, assisted by capable Tony Delzingaro, tutored the champs during the current season. Signor has been connected with four of the five titles while Delzingaro has completed his second year.

In the early part of Friday's game the Breammen had their troubles. The Moose scored twice in the second frame to take a 2-0 lead and came back with four runs in the fourth to move in front 6-3. Walks, errors and the hitting of Craig Swinn and Dave Hartman contributed to the scoring. Tim Whittinghill turned in another fine pitching performance during his four innings on the mound.

HEISER HITS 7TH
The winners scored three times in the third frame on five free passes, one error and a single by Tom Mowery. In the fifth inning the champs had to come from behind once again. Don McCans led off with a walk, Brad Stahl followed with another free pass and Charlie Raffensperger got on via a Moose miscue allowing two runs to score. John Heiser then stepped to the plate and uncorked his seventh home run of the season to clinch the rally. Heiser's seventh four bagger was one short of the record, eight, currently held by three players since 1953.

Both relief pitchers received the decisions. Don McCans, who replaced Tom Mowery ended the season with a 4-0 slate while Jay Baker, helping Tim Whittinghill, is charged with his fourth loss in six decisions.

BAUER BOWS AS PLAYER; BEATS TIGERS

By FRANK CRAWFORD
Associated Press Sports Writer

KANSAS CITY (AP)—Hank Bauer, hero of many a World Series game, and known as one of the greatest competitors in baseball, bowed out as an active player Friday night in the true Bauer tradition.

The rifle-armed right fielder drove in the winning run as his Kansas City Athletics knocked off Detroit 3-2 and dumped the Tigers out of first place in favor of the New York Yankees, his old team.

The fans and his teammates gave him a load of presents, including a motor car, in a ceremony marking his last game as a player. Bauer, who replaced Joe Gordon last month, has been a playing manager.

BATS WINNING RUN
In the third inning Hank came to bat with two on base and two runs in. This was the type of situation where Bauer, in almost 14 years in the big show, had established himself as a great clutch player. He lined a single to left that scored Norm Siebern with the run that won for the Athletics.

But Bauer was not through. In the sixth inning the Tigers were threatening. Trailing, 3-1, Al Kaline singled and Rocky Colavito walked. Norm Cash then drove a single into right field scoring Kaline with the Tigers' second run. Colavito raced for third but Bauer nailed Rocky with a perfect throw to Wayne Causey.

Hank retired in the seventh inning and will direct his club from the bench.

Conewago Little League
A triple by Steve Weaver in the top of the sixth inning drove home three runners as the Moose defeated the Sylvania Shoe outfit 14-13 in a free-scoring game. The victory lifted the Moose out of their last place tie and pushed Sylvania into the bottom slot.

Al Staub with a triple and two singles and Mike Krepps with three hits contributed to the Moose win.

Dave Noel sparked Sylvania with a single, double and triple.

Dick Tate's Idaville Senators dumped the Arentsville White Sox 7-1 at Idaville Friday evening in the makeup of a postponed game. The Senators' win enabled them to tie the Sox for second place.

Each team secured but one hit. Bob Hockley and Richwine formed the winning battery. Hockley walked three and fanned 10. Hartman's single in the second inning was the lone hit off his deliveries. Hockley now sports a 4-0 pitching mark.

Kane and Thomas hurled for the Sox with Baker receiving. The only hit they allowed was by Bill Gardner, a single in the sixth. They combined to strike out 10, walk seven and hit three batsmen. The Senators and Sox will play off for the second place position following the league playoffs which open Monday.

Cards Upset Dodgers, 10 To 1; Braves, Phils Win

By ED WILKS
Associated Press Sports Writer

The St. Louis Cardinals knocked off Los Angeles 10-1 Friday night and dropped the second place Dodgers two games behind Cincinnati in the National League race. The Reds were rained out.

Milwaukee's Braves, who like the Cards now have won six of their last seven games, beat Pittsburgh 5-3. Philadelphia defeated the Chicago Cubs 4-3 on Tony Gonzalez' 10th inning home run.

The Dodgers managed nothing but singles against the Cards' Curt Simmons (5-7). The southpaw veteran gave up seven hits and three walks while striking out five. He had a shut out until the ninth, when the Dodgers scored on a bases-loaded walk.

DRYSDALE IS LOSER
Right-hander Don Drysdale (7-6) was the loser. Joe Cunningham led the Cards' 12-hit attack with two singles and a three-run homer.

Hank Aaron did it for the Braves with two home runs off loser Bob Friend (9-12). Aaron belted a two-run shot in the first inning, then tagged his 22nd home run, a solo blast, for a 4-1 lead in the sixth. In between, he singled and scored in the fourth inning. The Buc out-hit the Braves 12-6, getting 10 hits off right-hander Lew Burdette (11-6), who needed relief in the eighth.

The Phillies battled from behind after Billy Williams' two-run homer had given the Cubs a 3-1 lead in the sixth inning. Clay Dalrymple's single made it 3-4 in the eighth, and Gonzalez then broke it up with his home run off losing reliever Barney Schultz (3-2). Jack Baldschun (4-1) was the winner in relief.

JOHNSON, CLAY TO BOX ON TV
LOUISVILLE, Ky. (AP)—Is Olympic light heavyweight boxing champion Cassius Clay too young to be meeting top-flight heavyweights?

That question could be answered tonight when the boastful 19-year-old Louisville native steps into the ring against Alonzo Johnson for a nationally televised (ABC, 9 p.m., EST) 10-round bout from Fairgrounds Coliseum.

Clay, who turned pro less than a year ago, has won five of his seven professional fights by knockouts. Johnson, 26, has a 19-7 record.

NEVER BEEN TESTED
Johnson, of Rankin, Pa., was expected to weigh in at about 187 pounds. Clay was expected to weigh 194 pounds.

Johnson's manager, Mike Bazzone, said, "right now Clay is a little too young to be meeting the top-flight heavies."

"He's never been put to a tough test yet but Alonzo will put him through one."

The cocky Clay has predicted he will be heavyweight champion in two years.

Soil Tests Are Necessary To Check Fertilizer Use

FARM PAGE—SOIL TESTER
By FRANK S. ZETTLER
Adams County Farm Agent

FRANK S. ZETTLER

Fertilizer is the key which can unlock the power of your soil because it is an investment in greater profits and a more abundant living from the soil. However, fertilizer is not a "cure-all." It must be used wisely or it can be wasted. This is the reason why farmers in Adams County are urged to take the guesswork out of fertilization practices by having soil tests made.

Just as the turbine and generator convert the once wasted power of falling water into useful electricity, so can the proper use of fertilizer and lime combine with the forces of water, air, and sunlight to produce greater crop yields.

The same amount of rain, air and sunlight falls on a poor soil as on a nearby field of fertile soil with high-yielding corn or cotton. The major difference is the fertility of the two fields.

Many fields in Adams County are producing poor yields because of infertile soils. To overcome this problem, farmers are urged to take soil samples to determine the kind and amount of fertilizer and lime to use for greater crop production at lower unit cost.

If your sows have had trouble farrowing in hot weather provide a cooler place for them. It's as simple as that. In the farrowing process, the sow produces a lot of body heat which must be removed, or many pigs, and possibly the sow, will be lost. Farmers should not force a sow to farrow in a small portable house or an abandoned chicken house which is not insulated.

It would be better to leave the sow farrow in an orchard or a small wooded area. The bottom of a bank barn is usually cool enough during hot summer months. If a regular farrowing house is used, it should be insulated to keep out the heat and also be well ventilated. Provide a fan large enough to move at least 200 cubic feet of air per minute per sow.

HEIFER RAISING

July and August are often critical months in the dairy heifer raising program. This is the time when many heifers fail to grow normally because they don't get

enough feed or water, or both. Very few heifer pastures provide sufficient nutrients for normal growth during hot weather, even though there may seem to be plenty of grass. It simply isn't very palatable and doesn't have the feeding value to keep heifers growing normally. Water often becomes a problem as the spring or stream dries up.

The solution to the feed problem is simple: provide a hay rack in the pasture and keep it filled. Don't be surprised if it needs to be filled every day or two. Check the water supply frequently. It is gets low, either move the heifers to an area where water is available or provide water by hauling or piping it to a trough in the pasture.

"It's well worth the effort if you can keep heifers growing."

Legion Elects Officers Today

ERIE, Pa. (AP)—A Bethlehem business executive and a veteran legionnaire from Philadelphia vied today for the post of state commander of the Pennsylvania American Legion.

George F. Bruno, president of the Conestoga Manufacturing Co. and secretary of the Bethlehem Instrument Co., and Walter Mason, a legionnaire in Philadelphia for more than 20 years, were nominated for the post Friday.

The election was to be held at the final business session of the

BOYLE DREAMS OVER WIFE'S TOTAL RECALL

By HAL BOYLE
NEW YORK (AP)—I dreamed the other night that my wife remarried — this time to an elephant.

It's not too hard to figure out why an ordinary husband would have a dream like this.

One of the most vexing things about most wives to most husbands is their inordinate memory.

TOTAL RECALL

No machine, fed endless information on tape, can match the total recall born in wives. The many incidents of ordinary living that don't register at all in a husband's mind—and others that he wisely chooses to regret and forget—stay in a wife's mind at her immortal beck and call.

A wife cannot simply forget to remember.

Well, anyway, I had this odd dream the other night. I had passed on to the remembrance of a grateful posterity. My wife, after counting the insurance and a suitable period of quiet jubilation, married an elephant.

UNUSUAL CHOICE

Many of her friends thought this was rather an unusual choice as the elephant wasn't, as elephants go, an outstanding character. But those who best knew Frances, my wife, realized the reason—the elephant to her bore a sentimental resemblance to her first husband. And he had an added virtue: He didn't drink martinis.

"The best headstand you did, Jumbo," said Frances, pausing in her knitting, "was before those 10,679 fans in Omaha on August 12. It was such a hot night. You were simply magnificent. And I was so proud of you."

Reaching boredly out for another peanut, Jumbo replied: "You have it all wrong, kid. The best headstand I did was in Kansas City on August 1 before 12,435 people."

PLAYED OMAHA

"Incidentally, we played in Omaha on August 13—not August 12—before a lousy crowd of 3,819, my foot slipped and I fell on my back, and it rained that day and the highest temperatures was 67 degrees.

"Can't you get anything straight?"

"Sorry, dear," said Frances.

NIGHT AFTER NIGHT

So it went, night after night. Elephants in winter quarters like to recall the previous season. But every time Frances tactfully attempted to bolster Jumbo's ego with some remembrance he

state group's 43rd annual convention here.

Bruno is a member of Post 406 in Fountain Hill near Bethlehem. He has been associated with that post since the age of 14 when he became a member of the post band.

Mason has served three years as commander of Post 152, 13 years as post adjutant and 18 years as chairman of the post home.

Musketeers Win Legion Award

ERIE, Pa. (AP)—The Musketeers of Upper Darby are the champion drum and bugle corps of the class A division of the State American Legion.

The Upper Darby steppers won first prize of \$1,000 Friday night. Finishing second were the Chocolaters of Hershey. They won \$750.

Top finishers in other divisions: Class B: Gardner's Guards, Tyrone, \$650; Esquires, Mount Pleasant and West Newton, \$400; Yellow Jackets, Bangor, \$300; Cornplanters, Warren, \$100; Key-stoners, Linesville, \$75; Colonials, Latrobe, \$50.

Class D: Musketeers, Philadelphia, \$400; Rangers, Ridley Park, \$300; Woodpeckers, Meridian, \$200.

There was no Class C competition. Units are classified according to the number of experienced marchers they have.

WELLINGTON, New Zealand (AP)—Chief Justice Earl Warren and his wife arrived by plane Thursday for a four-day visit.

Before leaving for Australia July 25 Warren will meet Prime Minister Keith Holyoake and leading members of the New Zealand judiciary.

would say: "It didn't happen that way—it happened this way. Can't you ever get anything straight? What's the matter with your mind?"

Finally, one evening, Frances broke into tears and said: "Living with a husband with a perfect memory is just too much for a woman. I wish I had my first husband back."

"Well, kid," sneered Jumbo, with an air of mock sympathy as he reached out with his trunk and patted her on the shoulder, "it's a little bit late to be thinking of that, isn't it?"

DREAM ENDS

Right about then my dream ended. Blinking in the morning sunlight, I awoke and looked across at my wife.

"You got home rather late last night," said Frances. "Just where were you?"

"I forget," I mumbled. "You forget awfully easily," she said. "Sometimes I wish I had married an elephant. They never forget."

REFUGEES ARE FLEEING FROM EAST GERMANY

By CARL HARTMAN
BERLIN (AP) — Apprehension mounted in West Germany today that the steady flow of refugees into West Berlin might prompt the East German Communist regime to make up its population loss by importing immigrants from the Soviet bloc.

Ernst Lemmer, minister for all-German affairs, told newsmen in Bonn this possibility is causing "serious uneasiness" because it could threaten the Germanic character of East Germany's population.

A mass immigration from the east could blast West German hopes for eventual reunification of the two Germany's through free elections.

Lemmer said that for this rea-

son West Germany will continue to urge the remaining 17 million East Germans not to flee, but he predicted the present rate of 1,000 refugees a day will continue.

He denied East German charges that West Germany lures refugees for propaganda purposes even though nearly 2.5 million refugees slipped across the border in past years.

Refugees continued to pour into West Berlin.

There were reports Communists pulled thousands off trains heading into the city, but other sources said the difficulties were no greater than usual.

Many of the refugees said the exodus has increased because of general fear the Berlin crisis might close the escape route.

A total of 8,602 refugees fled from East Germany last week, the West German Refugee Ministry said.

Kitchen arithmetic: Count on using at least half a cup of medium white sauce to a cup of cooked diced vegetables or chicken for a creamed dish.

Bill Leyden, emcee of "It Could Be You," shown wearing the attire required for his double duty work on NBC-TV.

stars.

MATHIS WHEREABOUTS UNKNOWN:

Johnny Mathis, due in England for TV and theater appearances, departed for London two weeks ago, keeping his whereabouts so secret that even his manager, Helen Noga, didn't know where to reach him. Before he left Johnny said, "I need a short vacation, and I'm going to disappear until the day before my first date in England"—and he's keeping his word.

JACK PAAR ALBUM:

Jack Paar's first record album, "The Best of What's His Name" is now available in supermarkets and variety stores as a result of

a unique tie-in with the manufacturer of a liquid mending product, "Jiffy Sew." The only way the Paar album can be bought is with a tube of "Jiffy Sew" at a combined price of \$1.47. The 12-inch L.P. disc contains on-the-air highlights of Paar's TV programs in New York, Los Angeles and London.

JULIA (MEADE) CAROLINE:

When JJ Julia Meade named her first-born Caroline two years ago, she never figured it would become an internationally famous name because of Caroline Kennedy, the President's little daughter. Actually, the baby was named after Julia's mother. Today, Caroline has become one of the most popular names for newborn infants.

Bill Leyden And "It Could Be You" Do Double Duty

IF Perry Como's title as the "most relaxed man on television" was up for grabs, certainly, one of the main contenders would be Bill Leyden, emcee of NBC-TV's "It Could Be You." Having been presented with the TV-Radio Life magazine Distinguished Achievement Award in 1947 for possessing "the most convincing microphone manner," Bill continued climbing the ladder of success and in 1954 and 1955 became nominee for the television academy's "Emmy" as "outstanding new male personality."

His resemblance to Como doesn't end with a relaxed manner. Both are great sports clothes wearers and collectors. On the sartorial side, Bill is a collector

ern and De Paul Universities.

"Perhaps the reason I didn't find it difficult to do both the day time and night show of 'It Could Be You' is because I've been used to hard work all my life. I worked my way through college as a page boy at NBC in Chicago."

FIFTH ANNIVERSARY

"It Could Be You" which observed its fifth anniversary on daytime television in June was seen at night at various times between 1958 and 1960. Based on the element of surprise, the series features amusing stunts for unsuspecting members of the studio audience, reunions with close friends and relatives and regular participations by guest celebrities.

Very much like a relief pitcher in baseball, "It Could Be You" and Bill Leyden have become known as the firemen of television. In 1957, Bill and his gang took over the Wednesday night 10:00 o'clock time spot from the beginning of July to the middle of September. In 1958, they were called to duty again—this time from November to March of 1959. Before they had rested too long, they were back on the evening viewing from September, 1959, to January, 1960. Once again this summer the unique program recalled to the NBC nighttime schedule. It can be seen on Wednesday night in the 10:00 o'clock spot.

"WARM AND FRIENDLY"

The show itself has developed a personality very much like Bill's. The humor is all warm and friendly; the tears are those of joy, not of sorrow, and the successive reaction of the participants to Leyden's unexpected revelations are shared with the studio audience and millions of home viewers. Each participant receives either a "gag" souvenir or some other appropriate memento of his (usually her) appearance on the show (e.g.—a woman driver who could never remember to release her emergency brake was given an anchor, and a mother who made all her children's clothes had her broken sewing machine replaced by a new electric model).

The surprise element, which provides the principal ingredient of "It Could Be You," is extended to the home audience by Bill Leyden via a telephone call which he makes each show day to a viewer selected at random by the production staff. The "surprised" viewer is rewarded for his participation by a phone conversation with the show's emcee and a substantial gift.

SURPRISING FORMAT

The exciting and surprising format of the program, plus the easygoing manner of Bill Leyden, make "It Could Be You" a welcome addition to TV's summer nighttime schedule — no matter how many times it leaps on and off the evening programming.

In any event, whether or not "It Could Be You" continues for years to be television's nighttime relief pitcher, we're certain Bill Leyden will always be in there pitching in whatever he does.

ISRAELI ACTRESS YARDENA

Israeli Actress Yardena has joined the cast of NBC-TV's "From These Roots." Once a private in the Israeli Army and a member of the Orot Repertory Theater in Jerusalem for five years, Yardena has appeared in numerous television shows, two movies and off-Broadway theater since coming to the United States three and one-half years ago. She had a small role in "From These Roots" a year ago, but will now portray Helene.

of sport shirts—has about 300 in his wardrobe.

NO INTEREST IN GOLF

Perhaps the resemblance ends here for Bill never had any great interest in golfing. Considering his many vocations and avocations, he probably never had the time to concentrate on golf. His hobbies includes mosaics, hunting (with rifle and bow and arrow), Irish coats of arms (he has made 50 shields which are prominently displayed around his den), photography, sport cars and racing cars, water skiing and boating, a home workshop, phonograph records and a continued interest in art and archeology, his original vocational pursuits.

He received a degree in archaeology after attending Northwest-

FOOD FOR THOUGHT
By MARSHALL TUCKEY

We'll bet you have never taken time to look up the definition of "Epicure," but here is how Noah Webster defines it: "A person who has a refined taste in eating and drinking and who cares much about food and drink."

He goes a little further and advises us that the word is derived from the proper name "Epicurus," a Greek philosopher who taught that pleasure is the highest good and virtue alone produces pleasure.
